Crossfield Held To One-All Tie

SEASON'S FIRST LEAGUE GAME HUMDINGER

The opening game of the Rosebud Intermediate Hockey League, held here Monday evening, was a treat to hockey fans. Although the night was cold, the fans were out in good numbers and the hockey executive are delighted at the way Crossfield and district citizens rallied to support the season's first game in the intermediate class.

Frank Laut, vice-president of the Board of Trade, officially opened the game with a few brief remarks dropping the puck in the face-off.

In the first period the teams, anxious to make history, set up a fast game which netted the locals a goal at 12:05. Earl Hopper received a perfect pass from B. McLeod, and on a beautiful play beat S. Johnston in the Carstairs net with a back hand shot.

The second period continued at a fast clip with some beautiful plays by both teams, but neither was able to score.

The third period opened with Carstairs pressing hard to get the equalizer and Ross Laut pushed aside some fast rubber to keep the net clear, but Carstairs kept up the pressure and was rewarded with the equalizer at 15:02, although a fluke goal it made the score 1-1 with the game tied, both teams put plenty of energy into the game to try and break the deadlock during the remainder of the period and overtime. Although there were some very close calls both goalies managed with brilliant performance to keep the rubber out.

Mark the 18th on your calendar when Bowden will visit Crossfield.

Lineup:
Carstairs — goal, S. Johnson; defense, Lincoln, G. Sheriff, J. Edmondson; forwards, G. Edmondson, I. Morgan, D. Sterling, D. Beckner, W. Badger, I. Johnson, R. Stirling and C. Pearson.

Summary — 1st period, E. Hopper from B. McLeod, 12:05; 2nd period, no score; 3rd period, D. Sterling, unassisted, 15:02. Overtime no score. Penalties: Crossfield, B. Amery, J. Dipple, F. Dipple, F. Murdoch. Carstairs: D. Beckner, Lincoln, G. Sheriff.

Referee — W. McLeod. Linesman — M. Dipple.

BONSPIEL OPENS JAN. 22

Plans are underway for the annual Bonspiel to open January 22nd. Indications are that it will be one of the largest bonspiels ever held here with a goodly number of outside rinks. Those interested in entering should get in touch with the secretary as early as possible to enable them to get all necessary arrangements made in good time.

It is expected that more than 500 delegates will attend the 32nd annual convention of the United Farmers of Alberta, which will be held in the Macdonald Hotel, Edmonton, January 16 to 19.

They are again putting on an International Farmers' Night on the occasion of their annual dance on Thursday evening, the 18th, commencing at 8:30.

The program will include greetings from fraternal delegates to our convention, the sending of fraternal greetings to bodies of organized farmers in other parts of Canada and the United States, the reading of the replies received in return, and also the Old Time Dance, bagpipe selections, etc., and will be broadcast.

PURCHASED BULL FROM E. P. RANCH

G. K. Allonby, local breeder, recently purchased a shorthorn bull from the E. P. Ranch. Mr. Allonby is noted for his fine herd of shorthorns and this addition will raise the already high standard of his herd.

AN EYE ON THE FUTURE

The Village Council in co-operation with the Board of Trade, has purchased 200 trees for spring delivery, and these will be planted on the boulevards. Crossfield already presents a fine appearance with more trees than the average town of its size and these additions will add to the appearance of the town as they grow. The council are to be commended in their foresight for the welfare of the town in the days to come.

INSTALLATION AT CARSTAIRS

Installation of officers for the O. E. S. Chapter of Carstairs was held in Carstairs last night, an interesting feature of the ceremony being the installation of Worthy Matron Mrs. Owens by Mrs. J. McGhee, Assoc. Grand Matron, of Didsbury and Mrs. A. H. Boyce of Olds. Both these ladies are daughters of Mrs. Owens, and the ceremony was conducted in a most impressive manner.

Among the officers invested were Mrs. C. Fox and Mrs. D. J. Hall of Crossfield.

At the close of the ceremonies a delightful turkey supper was served.

CREMONA BRIEFS

Mr. Paul has moved to the Valley and expects to truck in that district.

We hear that Cremona has entered two rinks in the Crossfield Curling Club.

Be in fashion and take a cold—everybody is "barking" at some of these days.

The Sharp Shows are putting on picture shows in the hall every Saturday night now and drawing large crowds.

We understand there is to be two wedding dances and one pay dance, so far, in the community hall for this month.

The young people of Cremona have taken over the running of the skating rink and are busy making ice, which will soon be in good shape.

There being no snow here to date, people have not been doing much work in the bush as they like to use the sleigh for such work.

Funeral services for the late Ernie Shultz were held in the Cremona United Church this week, the remains being laid to rest in the local cemetery. Mr. Shultz passed away in the Holy Cross Hospital, Calgary following a lengthy illness. He was one of the first settlers in the district and will be greatly missed by a host of friends.

ELECTION YEAR

According to Hoyle this is election year for the Dominion and also Alberta. The Dominion election will probably be deferred on account of the war; but for Alberta there is really no good alibi to carry the issue over, and if you can read between the lines of recent statements, the government is preparing the opening guns for an early spring vote. Camps of other political organizations are alive to the issue and they too are making elaborate plans for the biggest political fight in the history of Alberta.

The next session of the Alberta legislature will probably be held early in February at which important election announcements will, no doubt, be made.

Mr. Aberhart in a recent Olds, Alberta, address made reference to the possibility of an election this year, saying that opposition forces were planning to "flood the province with money, literature and propaganda to confuse the people."

Frequent Meals

It is large meals and not frequent meals that put a burden upon digestion. Many of us have experienced the uncomfortable sensation in the midriff and the feeling of laziness and disinclination for work or thought that follow a large meal. These systems do not appear after small meals taken at frequent intervals. As a matter of fact, the person who is convalescing, the invalid, and the patient with a stomach ulcer are not fed at long intervals, but are given small amounts of food at frequent intervals in order to lighten the burden of digestion. As far as digestion is concerned, all the advantages lie with small meals eaten at frequent intervals.

The World of Wheat

By H. G. L. Strange

Dr. L. H. Newman, the Dominion Cerealist, recently stated that 2,800 farmers in Manitoba and Saskatchewan have now reported to the Dominion Experimental Farms on their practical experience with the new rust-resistant wheat variety, "Regent" (which is a product of the Dominion Rust Research Laboratory), grown in 1939 and in comparison with other varieties sown alongside.

The farmers' observations in brief are as follows:—

YIELD—Regent gave an excellent account of itself.

GRASSHOPPERS—Regent and Thatcher suffered less damage from grasshoppers than Renown, Reward or Marquis.

Stooling—It is a vigorous stooler

and so a good fighter against weeds.

Straw Strength—Very strong at the base of the plant, but not quite as flexible as Thatcher towards the top. Should be a good combine variety.

Appearance of Kernel—Color and plumpness were better than Thatcher but not quite equal to Renown, but this was considered a bad reason for Regent.

Threshing—Regent threshed quite easily.

Resistance to Spring Frosts—A number of growers reported that Thatcher stood the early June frosts better than other varieties, but Regent also was favorably commented upon.

Future Outlook—"Judged by these reports", says Dr. Newman, "Regent will be grown very extensively in 1940, and would appear to be a variety that has a very definite future."

Following factors have tended to raise price: Sub-zero weather in the U. S. Southwest further endangers the winter wheat crop: Serious wheat and flour shortage expected in Manchuria: Egypt experiencing great difficulty in exporting her citrus fruit crops. Abandonment of wheat export subsidy in U. S. A.

Following factors have tended to lower price: Harvesting opera-

tions have been resumed in Germany: Embargo on exports of hogs from Bulgaria has been lifted and twice the quantity of last year is permitted to be exported: wheat and barley crops in Japan highest on record: Argentine rye crop estimated at fourteen million bushels the largest in five years.

A Call TO SERVICE on the Economic Front

"Materials and money count for so much in this war that a resolute, loyal and enthusiastic economic front line may be the determining factor."

W. R. Ralston
MINISTER OF FINANCE.

To your restless question "When can I help win this war?"—the answer is NOW. On Monday next, the Government of the Dominion of Canada will offer the First War Loan. The purpose of this Loan is to provide money to carry on the war, not only on the battlefields, but all along the Economic Front.

Let us explain what the Economic Front means. It means a war in which the entire natural, industrial and financial resources of the country are used to defeat the enemy. It means a "total war" in which every citizen takes a part, in which his personal resources must support those of the Nation.

In such a war, one of the chief weapons is money. Where is this money to come from? There is only one answer. It must come—and come voluntarily—from the savings of our people. The difference between us and the Germans is that we, of our own free will, lend our money—it is not ruthlessly taken away.

This is your opportunity to do your part in this struggle against Hitlerism. The eyes of the world are upon you, upon Canada, one of the strongest members of the British Commonwealth. Canadians must show that their strength, their courage and their resources are all in this fight against "brute force, bad faith, injustice, aggression and persecution."

The news of the success of this Loan must go ringing round the world.

Be ready to buy War Loan Bonds. They will have the proven safety and salability of Dominion of Canada obligations. Any Investment Dealer or Chartered Bank will take your subscription. The quicker the economic war is won, the greater will be the saving of human lives . . . the swifter the collapse of the enemy.

vulsed CBS control room crowd
Sunday (Dec. 3) when Orson
Welles, while "on the air", tried
to signal music director Bernard
Herrmann through double wind-
ows of adjoining studio that he
wanted Beethoven's "Turkish
March" to conclude broadcast...
Welles curled the ends of a Turk-
ish moustache, patted a fat Turk-
ish stomach, looked fiercer than
Kemal Pasha, sat down and pre-
tended to smoke a hookah...
Herrmann, just plain puzzled re-
lated by sweeping half off fore-
head and pretending to play crash-
ing chords of the Campbell Play-
house regular closing theme on an
imaginary piano... Welles then
did a whirling dervish and went
into a new version of a Turk to
suggest music he wanted.....

CANADA'S WAR LOAN

Ottawa, Jan. 5, 1940—In prepa-
ration for Canada's first war loan
effort of the new world war, a
National War Loan Committee
and a National Subscription Com-
mittee are in process of formation
across Canada, and will be organ-
ized in time for the initial effort on
the economic war front.

The National War Loan Com-
mittee, under the chairmanship of
the Hon. J. L. Ralston, K. C. M. P.,
Minister of Finance, will be com-
posed of five former Ministers of
Finance, Canada's nine Provincial
Treasurers, and more than 200
representative citizens, resident
from coast to coast. The five former
Ministers of Finance are; the
Hon. Sir Thomas White, the Hon.
Sir Henry Dwyer, the Hon. R. B.
Bennett, the Hon. E. N. Rhodes
and the Hon. Chas. A. Dunning.

Mr Dunning has also accepted
the chairmanship of the National
Subscription Committee, which will
assist the National Loan Commit-
tee, and will be concerned with the
securing of larger subscriptions of
a national character. It will be re-
sponsible for organizing the work
of canvassing the larger institutions
and corporations, in addition to
stimulating the broader sale of the
bonds to the public. This committee
will have the active co-operation of
investment dealers throughout Can-
ada, a number of whom have
already done considerable work in
the preliminary organization.

The First War Loan will provide
Canadians, as a whole, with their
first opportunity to participate in
Canada's war effort. To enable
everyone to subscribe, it is indicated
that bonds will have denominations
as low as \$50 each, for smaller sub-
scriptions.

In announcing the acceptance by
Mr. Dunning of the chairmanship
of the National Subscription Com-
mittee, Mr. Ralston said, "Canada
is indeed fortunate that Mr. Dunning
has agreed to undertake this
important task. His experience as
Minister of Finance and also in
connection with the Victory Loan
campaigns during the last war
make him the ideal man for the job."

Of all sad words of tongue or pen
In poelary, song or rhyme,

450 B.C. IN ANCIENT EGYPT

The art of brewing was known and practised for many hundred years before the Christian era. In 450 B.C., we are told that the Egyptians being without vines, made a wine or beer from corn. Pliny and Hellanicus informed us that the Egyptians are thought to have derived their taste for "Zythum" (meaning a barley drink) "because it was necessary for human bodies."

Household Hints

Cream whips most rapidly when a pinch of salt is added.

When fish is to be served as the main dish at dinner, allow one half pound for each person.

Add dried pineapple and seeded Malaga grapes to chicken salad. Spread grated cheese over apples to be used in pie. Members of the family who insist on cheese with their apple pie will be delighted.

Quick bread batters should not be beaten. The flour should be stirred with the liquid only enough to dampen it so no dry flour is visible around the edges of the bowl. It is not necessary to beat a batter until every lump disappears. Thick or batters require a little more stirring than thinner ones, but no beating.

Saddle soap or leather cream applied with a slightly moist sponge will safely clean your purse, shoes, belts, desk pad, chair seat and other leather articles. After washing thus, polish the article with a dry cloth or chamois.

If colored candle wax gets on your table linen, scrape what you can away with a blunt knife. The color may wash out easily. If it is a deep, heavy color and you fear it may not come out in washing, rub fat on it to loosen it before you put it into the wash, or sponge it with naphtha or a dry cleaning fluid. Do not iron the piece until the stain is out as the heat may set the color.

A guide escorting a group of women through a canning factory indicated a girl worker, and said: "She puts the pork in the beans." "Where is the girl who takes it out?" asked one of the group.
